

Greetings Parent and Players,

Once again, I want to take this opportunity to invite you to join our talented coaches and the large, enthusiastic group of soccer players attending the 2017 session of the Summit Soccer School at Mt. Abraham Union High School. My wife Diane and I have had the pleasure of directing the Summit Soccer School at Mt. Abraham for the past 24 years.

Over these years we have seen most of the great players from our area hone their skills at Summit Soccer School. Many have moved on to earn high school all-state honors and some have been successful at the collegiate level. However, to Diane, me and our long time senior staff coaches, the greatest pleasure comes from so many players developing a passion for this, the world's most popular sport. Many players have continued their involvement in soccer by playing in adult leagues, coaching or officiating. This provides great satisfaction for those of us who share the passion for the game of soccer. It is also rewarding to see many of our former campers return, as successful high school and college players, to coach at the Summit Soccer School. These athletes are giving back what many have given them, their knowledge and enthusiasm for the game. We like to think of our coaching staff as our soccer family. My observation, in over 35 years coaching soccer, is that Summit Soccer School is unique in the quality and continuity of the senior coaching staff.

Soccer interest in Vermont has grown tremendously over the years. There is a state-wide soccer league, the Vermont Soccer League., which has more than 10,000 players registered. Locally, the Addison United Soccer Club fields teams ranging in age from seven to nineteen. Addison United is also fielding an adult men's team that plays at the highest level of competition in Vermont. If you are interested in participating locally, you can contact me for information and visit the Addison United web site, addisonunitedvt.com.

If you are interested in checking out the Vermont and US soccer scene visit www.vermontsoccer.org

As educators, Diane and I know that a positive learning experience at The Summit Soccer School is more than just learning soccer skills. We select our coaches based on the belief that a coach's positive, supportive relationship with each player is essential to their developing a love for the game. We know that for many, this year may be their first camp experience and we want this experience to be the first of many great times at the Summit Soccer School. We typically keep the player to coach ratio for the youngest players at six to one, insuring close attention to individual needs.

We also believe it is very important to provide the experienced player with the instruction and challenges that will move them toward their goal of becoming one of our future elite players.

TUITION

Full Day Age Groups	
Entering grades 3 & 4	
Entering grades 5 & 6	
Entering grades 7, 8 & 9	\$125.00
Half Day Age Groups	
Entering grades 3&4	
Entering grades K, 1 & 2	\$90.00
