GotSoccer Team App: How to get started

How To Get Started: 4 Simple Steps:

Step 1: Download the GotSoccer Team App

Go to the Apple store or Google play store and download the GotSoccer Team App.

Step 2: Login or Create your GotSoccer Universal Account

The GotSoccer Universal Account is an account that lets you manage all of your separate GotSoccer Accounts, with the ability to switch between all of them with ease.

You will need a GotSoccer Universal Account to access the Team App, as it will allow you to load and manage all of your teams within the Team App.

Don't have a GotSoccer Universal Account? Create one now!

Step 3: Add your Teams

Once logged in to the Team App, managers and coaches can add their teams using their GotSoccer Team Account Login. Simply click "Add a Team", and select "I'd like to join with my team login" – enter your login and all of your team data will seamlessly integrate.

If you are a player, parent or fan you can also search and add your teams in to the app, allowing you to follow their public schedules, scores and standings.

Step 4: Manage Team Membership

To manage your GotSoccer Team App membership go to GotSoccer.com and login to your Universal Account – click here to manage your membership.

The GotSoccer Team App is now available to download on Apple and Android devices. Download the app today!
